Some people stand as to Bryan's nomination like they do on prohibition. Prohibition isn't going to prohibit if they can help it, while Bryan isn't going to get the nomination if they can have their way.

The Kentucky Educational Association, which expected to use the new Capitol at Frankfort and which would have been the first body of any kind to meet in the new building, will have to abandon its intention, as the building is not ready. The teachers will meet in the Court-house, which has already been engaged for them, and all the sessions will be held there. The meeting is going to be a large one, and it is estimated that the population of Frankfort will be increased about one thousand during the three days that the educators are there.

Please Remember, Our **Price Reduction Sale** Continues Until **Saturday Only.**

That the sale is a great money saver, and that our friends are taking advantage of it, is evidenced that the first week sales in this month largely exceeded same week in previous years. **MYSTERIOUS VISIT**

**Of Fifteen Mounted Soldiers in This County Monday Night**

Monday night there was a flutter of excitement in the Lewisburg neighborhood when it became noised around that a squad of fifteen mounted soldiers were scouting in the vicinity.

After making inquiry as to the location of the L. and N. bridge near that point they scampered off and disappeared in that direction and have not been seen since.

What their mission could have been is a profound mystery, as there is no tobacco planted in the surrounding country and no attempt has been made to grow any. There has been no disturbance of any kind that would

necessitate their presence, hence their midnight ride and mysterious movements in that peaceful and quiet locality are as mystical as it is unusual.

The people are asking themselves, "What does it all mean?" but no one is able to answer the question.

Mr. Frank Eitel has sold his fine saddle horse to Mr. Rogers of Pittsburgh at a fancy price.

MARSE HENRY's dark horse needs the services of a veterinarian.

It requires Carnegie hero nerve for Marse BRADLEY to sit steady in the boat now.

If diligence in seeking deserves a reward, of course Colonel BRYAN will get the nomination.

How long will it be before the harpies cease from harping and the night riders ride no more?

The pitcher that goes to the well once too often is bound to be broken, but the tin beer growler is immune and goes on forever.

EXPERTS sent to Panama recommend that no more married couples be sent to the Isthmus, and it is inferred that the matrimonial business is being overworked along the big ditch.

The Cincinnati Reds are playing great ball, and the entire fan world of the Ohio Valley rejoiceth and is exceeding glad. If the Reds should amble off with the pennant GARRY HERMANN would burn a few tons of red fire and put the big pot in the little one. And wouldn't old Cincy howl!

MARSE HENRY is rooting for BRYAN and harmony to beat the band, and to us little fellows Marse H—— is making a merry ass of himself.

THERE are said to be over two million more men than women in the United States. Probably these extra two million are rated as excess baggage and are labeled n. g. by the fair sex.

A NEW YORKER called "SILENT SMITH" left an estate of \$23,000,000. His name didn't seem to harmonize with such a large sum of money. Some people with twenty-three million dollars would make a noise like a boiler factory.

SENATOR-ELECT WILLIAM O. BRADLEY, when asked the other day in reference to several political matters, and particularly as to whether he had determined to attend the Chicago Convention, replied: "I am as busy as a bird dog, practicing law. Am not talking politics, and am having nothing to do with politics."

MARSE HENRY scooting around at the beck and call of BILLY BRYAN is a spectacle to beat a Punch and Judy show. And to think the horse play vaudeville is to continue until the November election. After that the mud batteries of The Courier-Journal will be trained upon the "Peerless Statesman" some more.

In these dull times of so-called railway depression the following item sounds mighty reassuring to the public:

"The Atchison is reported to be planning improvements in San Francisco which will cost \$10,000,000. The improvements will be made at what is known as the China Basin, and will be in the form of a system of piers which shall be able to accommodate the deep-sea vessels entering San Francisco Bay."

EVEN MORE EFFECTIVE.

"She must have hypnotized him before he asked her to marry him."

"Well, it was about the same thing. She showed him her bank account."

"Which one of de prisoners shall I serve first, sire?"

"My dear chef, although a cannibal, I hope I am a gentleman—ladies first always."

## WITHIN TEN DAYS

Ohio Planting Will Be Done and Troops May Be Relieved

COLUMBUS, OHIO, June 9th.—"Troubles in the tobacco section are near an end," remarked Assistant Adjutant General Worthington Kautzman today after talking with Sheriff Paul of Adams county over the long distance telephone.

The Sheriff related to the Colonel conditions existing in his bailiwick and predicted the end within 10 days. All plants will then be in the ground, and it will be harder for night riders to operate.

Upon application of Sheriff Cahall of Brown county, another company of infantry was ordered to the front, to be selected by Colonel Hake of the First Regiment, Cincinnati. Sheriff Cahall has a short force—not more than 60 men—and another company will aid him in keeping down trouble until after planting.

LEXINGTON, KY., June 9th.—The first destruction of plant beds which has taken place in Fayette county since the tobacco war began occurred Saturday night, when sufficient plants to set out 100 acres of tobacco were destroyed on the farm known as "Quaker Acres," belonging to the estate of the late C. C. Moore, about eight miles from this city on the Huffman's Mill road. The plant beds were thoroughly scraped and every plant torn up and destroyed.

The disturbances in the tobacco belt are practically over, it is believed by Adj. Gen. P. Johnston, and the number of militiamen in active service is gradually being reduced.

The entire First Regiment of Cincinnati may soon be in the tobacco fields along the river near Ripley and Higginsport, as it has been found necessary to send reinforcements to the troops already there, and the men now on duty have too much ground to cover to be sufficient guard against depredations. Col. Hake has received no orders to prepare the Regiment for duty, but every company commander has placed his men in readiness to the extent of having their equipments in good shape and the men warned for possible emergencies.

As the growing season advances it is feared there will be trouble of a serious nature in the tobacco country, as persons whose beds have been scraped have gone over to the night riders and are helping ruin neighbors' crops and it is feared that when the drying and cutting season comes there may be violence.

Another company of Cincinnati soldiers has been sent to the "front," Company E, commanded by Captain Edward H. Thompson having been ordered out Monday night.

Governor Deneen of Illinois has refused to interfere in the case of Herman Billik, sentenced to be hanged in Chicago Friday for poisoning members of the Venzal family.

Several weeks ago Homer Kinkadee, a farmer of Ripley, bought a suit of clothes for \$23 of William Krebs, Cincinnati, and gave a check for \$75 on the First National Bank of Ripley. He received \$52 in change. It is alleged that the next day Kinkadee withdrew his account and the check was returned to Krebs protested. Monday in Cincinnati Kinkadee was arrested on a charge of drunkenness and obtaining money under false pretenses.

## AN APPEAL FOR AID.

To The Ledger—Mrs. Lucy Young, whose home was burnt Monday afternoon, is now living in the coalhouse on her land, destitute and in want. She is in her 87th year and has two orphan grandchildren. They have not a stitch of clothing except what they have on their back, no money and no one on whom to depend. She calls upon the charitable people of the city to look around and if they have any clothing, furniture or household goods of any kind to contribute she would be glad to get same. She also appeals for a fund, contributions however small, with which to rebuild her home. Articles of clothing she asks to have left at The Ledger Office, where she will call and get them.

## THE KEYNOTE

Of the Republican Campaign to be Sounded By Senator Lodge

The speech of Senator Henry Cabot Lodge of Massachusetts, as Temporary Chairman of the Republican National Convention, will be, it is said, based largely on the proposition that the welfare of the party demands that the policies pursued by President Roosevelt be upheld.

It is expected that the address will require about twenty minutes for its delivery, and the speaker will emphasize the point that the people of the country at large are strongly in favor of the policies of the present administration and that future Republican success depends upon following them out without hesitation and with all possible energy.

The third-term proposition will be touched upon lightly, but the speaker will point out that all the talk that has been made about it is evidence that the country desires for President a man who will follow the lines laid down by President Roosevelt.

## How to Cure Your Piles

Due Often To Carelessness or Neglect and Stubborn to Cure

"The knife is not always necessary to cure even desperate cases of piles," says a physician whose years and experience make him an authority. "Indeed," he says further, "I have known some very aggravated cases of long standing cured by a simple home remedy that restored to the bowels easy natural daily movements."

And the doctor is right, as many letters from cured people in various parts of the country prove. If sufferers from piles, rectal tumors and ulcers would try Dr. Caldwell's Syrup Pepsin they would often save themselves the terrible pain and danger and the heavy expense of a severe surgical operation.

Piles are often due to constipation and are always aggravated by it. Easy natural movements of the bowels such as are invariably produced by this famous laxative without pain or gripe do much to restore a normal, healthy condition to the bowels and thus cure piles.

M. H. Miller, Moweaqua, Ill., says: "I have been troubled all my life with piles brought on by constipation. I tried many doctors and numerous remedies, but found no relief until I used Dr. Caldwell's Syrup Pepsin. I have used it as a laxative and stomach remedy for the past nine years and have no more troubles with piles." H. N. John, Minneapolis, Kan., says he suffered for four years with piles which were so bad that he could not work. Four bottles of Dr. Caldwell's Syrup Pepsin cured him, and he says he has not been bothered since.

Dr. Caldwell's Syrup Pepsin is a safe sure remedy for constipation, restoring easy natural daily movements in the worst old chronic cases, yet so pleasant and pleasant to take mothers give it to their babies with splendid results. It is sold by all druggists at 50c and \$1.00 per bottle. Pepsin Syrup Co., 302 Caldwell Bldg., Monticello, Ill., will send a free sample to anyone who has not used it and will give it a fair trial.

Deafness Cannot be Cured  
by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free. F. J. CHENEY & CO., Toledo, O.

BURLEY SOCIETY MEETING

At Winchester—5,000 Acre Estimate Believed Too Low

WINCHESTER, Ky., June 9th.—The regular quarterly meeting of the Executive Committee of the Burley Tobacco Society was in session here today. Nearly all the counties in the district were represented and most of the business transacted was of a routine nature, connected with the delivery of tobacco sold and the disbursement of funds received for it, including all sale of the 1905 crop, of which 30,409 hogheads out of a total of 52,000 hogheads have been sold.

A resolution was passed discouraging the sale of tobacco or warehouse receipts for same within the pool and declaring that it is against the best interest of the Society for members of the Society to purchase pooled tobacco.

Reports from the counties show that in many counties no tobacco will be grown this year, but as a number of counties not properly in the Burley district will raise more or less it is thought the estimate of Commissioner of Agriculture Rankin, of five thousand acres, is too small. West Virginia will raise more than last year. It was proposed to attempt to pool the crop of 1908, but it was thought better to defer action on that matter until later in the season.

## CONFIRMED PROOF.

**Residents of Maysville Cannot Doubt What Has Been Twice Proved.**

In gratitude for complete relief from aches and pains of bad backs—from distressing kidney ills—thousands have publicly recommended Doan's Kidney Pills. Residents of Maysville who so testified years ago now say their cures were permanent. This testimony doubly proves the worth of Doan's Kidney Pills to Maysville kidney sufferers.

Mrs. John T. Wallingford, 108 Commerce street, Maysville, Ky., says:

"Doan's Kidney Pills have been used in our family with most beneficial results, and it gives me pleasure to corroborate the testimonial given in their favor some years ago by Mr. Wallingford. As stated then, he suffered a great deal from backache, failing to obtain relief from any of the remedies which he used. Hearing Doan's Kidney Pills highly spoken of, he obtained a box from J. Jas. Wood & Son's Drugstore, and had only taken them a short time when a complete cure was effected. The fact that he has remained free from any recurrence of the trouble is sufficient evidence of the sterling value of this remedy. I have also used Doan's Kidney Pills and they have always afforded me the same relief as they did my husband."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.
